ServeNebraska mobilizes Nebraskans to strengthen their communities through volunteering, collaboration, and national service programs.

In fulfilling this mission, we coordinate the development, implementation and continual improvement of AmeriCorps programming in our state. We also work to grow the culture of service in Nebraska through promotion & recognition of volunteer efforts, training & technical assistance, celebration of national days of service, and sparking creative partnerships.

We address local needs with local solutions. Our diverse leadership are Governor-appointed volunteer Commissioners representing varied sectors across the state.

During 2014, as we celebrated our 20th Anniversary, we honor those who have served and encourage all Nebraskans to unite in service — making the good life even better.
